Nay Linn

Software Engineer | Laravel, React, MySQL
Bangkok City, Thailand

Summary

Software Engineer with 6+ years of experience building full-stack applications and RESTful APIs across Yangon, Bangkok, and Tokyo. Experienced in full-stack development, system architecture, database design, API and third-party integrations, production troubleshooting, and application optimization. Worked on POS, E-commerce, Payment Systems, Web Scraping, Viber Business Messaging, Online Registration, and VAS platforms. Focused on building scalable, reliable, secure, and high-performance solutions that solve real-world business problems.

Experience

App.com.mm
Senior Laravel Developer
November 2025 - Present (10 months)
Yangon

- Maintain and enhance full-stack platforms by resolving production issues, optimizing queries and performance, and developing new features for POS, Loyalty, Money Changer, and CMS-based e-commerce systems.
- Managed existing WordPress sites, implementing new features and developing new websites.

株式会社 PROFESSY
Web Developer
February 2025 - July 2025 (6 months)
Tokyo, Japan

- Generated and integrated chatbot links into websites, tested user flows, and fixed bugs to ensure reliable functionality.
- Developed APIs for chatbot user tracking and scheduled tasks across multiple websites.

Chanjao Longevity Co., Ltd
Programmer
January 2024 - December 2024 (1 year)

Bangkok, Thailand

- Enhanced MySkinRecipes, a CMS-based e-commerce platform, by improving order and checkout workflows and implementing new APIs while resolving complex production issues and data inconsistencies.
- Upgraded a headless browser-based web scraping system, ensuring compatibility with the latest version and continued reliability.

Blue Ocean Operating Management Co., Ltd.

Senior Software Engineer

July 2022 - August 2023 (1 year 2 months)

Yangon

- Integrated and maintained payment gateways including KBZPay, AYA Pay, CB Pay, UAB Pay, WavePay, Citizen Pay, MPU, and CodaPay, supporting QR payments and dynamic payment links.
- Maintained Viber Business Messaging integrations, troubleshooting gateway issues and managing automated broadcasting and subscription workflows.

AGGA.IO Co., Ltd

Web Developer

July 2021 - June 2022 (1 year)

Yangon

- Contributed to the Myanmar Accountancy Council's online registration system, developing registration workflows and reporting functionality.
- Integrated KBZPay and CB Pay payment gateways to enable secure online registration fee payments.

Secure Link Company Limited

Junior PHP Developer

May 2019 - June 2021 (2 years 2 months)

Yangon

- Contributed to Nyan Gyi Shin, Tap Tube, and Bay Din Ywar—VAS platforms offering reward-based tips and quiz games, video streaming, and astrology consultations.
- Developed features for game rewards, Vimeo-based video delivery, and personalized consultation workflows.

Education

University of Computer Studies, Yangon
